RE: Application number: 10/624,790 Art Unit: 3641
Name: Brian Maguire

Per the election restriction letter I received that "Claims 1 and 5 are generic to a plurality of patentably distinct species comprising:

- I. The embodiment (figures 1-2) drawn to a cartridge mine.
- II. The Embodiment (figures 3 and 5 drawn to a grenade mine"

I elect a single disclosed species; I elect I. The embodiment (figures 1-2) drawn to a cartridge mine.

As per the restriction letter under (35 USC 121) I further elect that if no generic claim is held allowable that I elect " c. The embodiment (drawn to the cartridge mine comprising white phosphorus)"

Sincerely,

Brian Maguire
